MANAGER'S COMMENTS

To be applied by spraying onto a cloth. Do not spray directly on to computer screens or other surfaces. This product is classified as non hazardous and as such, does not require a formal COSHH assessment. Company policy however, dictates that employees are fully appraised of the details of all products that we use in a clear and simple manner. This document serves that purpose.

SPECIAL INSTRUCTIONS

The use of PVC or vinyl gloves is recommended during usage.
Use eye protection whilst decanting.
